Make your patients happy...

Fairfield Orthodontics is built on the principal of creating a positive mutually beneficial relationship with our customers. We would do anything within our means to maintain our relationships and keep our customers happy. We understand that the same holds true for a practice's patients. That is why Fairfield Orthodontics offers a wide range of patient accessories to ease treatment, promote safety, and make your patients happy.

Our patient relief wax comes 100 individual packs per box and is available in mint, bubblegum, and unscented. We now carry Ultra-Guard mouthguards as well as Comfort Covers to promote safety and patient well-being.

Fairfield offers a large selection of retainer cases, both deep and slim so patients can protect their appliances in style.

Fairfield Orthodontics also wants to make the ordering process as simple as possible. Therefore, we developed the ez fax ordering system. On the back of this page is a fax order form which can be copied and used for placing orders. You will find a similar order form at the beginning of each section throughout the catalog- each specifically designed for ordering the products in that section.

Comfort Cover

Snaps Easily Into Place and Stays Secure

Fairfield Orthodontic's Comfort Covers are the ideal alternative to relief wax. Designed to fit on both ceramic and metal brackets, the soft plastic covers snap securely into place. Comfort Covers shield the patient's lips and cheeks from the discomfort often associated with orthodontic treatment. Great for musical instrument players or patients involved in light contact sports where mouthguards are excessive.

Introducing

Happy Teeth Toothbrushes

"Making teeth happy!"

Featuring Rubberized Grip, Shaft, Neck, and Head

Happy Teeth Toothbrushes are manufactured through a unique dual stage process - molding the white plastic and colored rubber together. This allows for a toothbrush where the rigidity of the plastic and flex and grip of the rubber can work together in perfect harmony.

Handle - Back and front grip holds up even when wet.

Spring Shaft - Rubber infused between the bends of the plastic creates ideal flex.

Neck/Head - Slight Pivot action works well with braces.

Bristles - Matching color, Dupont soft nylon bristles

*40 per pack
(assorted colors, individually wrapped)*

Plain Typodont

With Green Consultation Case

- New & Improved
- Whiter Teeth & Perfect Occlusion
- Rubber Hinge & Screws Included
- Green Alligator-Print Case
- Bracket the model yourself!

Item# TYP-077

Great for showing the bracket system of your choice to your patients. Also great for demonstrating different appliances.
